

Drachen- und Gleitschirmfliegerclub Südschwarzwald e.V.

DGFC – Guide for Guests

We welcome all guest pilots at Kandel.

For your safety and the safety of others, please read the following club rules and guidelines carefully.

In order to fly at Kandel you must have a **host** each day that you fly: someone from the DGFC who will help you out during your visit, **brief** you on the characteristics of the flying area, the starting and landing grounds, as well as the emergency landing areas and of course the nature that we need to respect. For each flying day at Kandel you need to purchase a **guest voucher**. The small sum goes towards the upkeep of the grounds, etc. The general air regulations for Germany apply: LuftVG, LuftVO, LuftVZO, LuftPersV and the Flugbetriebsordnung.

Requirements

- German guests with a paraglider require a **B-Schein**; hang gliders require an **A-Schein**.
- Foreign guest pilots require a paragliding or a hang glider license from their country, i.e., an **IPPI card**.
- **For guest pilots there is no possibility for tandem flights**

Host

- Any active member of the DGFC can be your or your group's host for the day and give you the necessary briefing. The number of guests is limited to 10 for each starting ground each day.
- Your host will inform you of Kandel's special characteristics as well as the things that we would like you to pay careful attention to whilst enjoying this beautiful and remarkable flying area. Please do not fly if you do not have a host.
- Although your host will brief you on the things to take note of whilst flying at Kandel, you are responsible for yourself, meaning that you need to assess the weather situation yourself, and decide whether or not to fly. DGFC does not take any liability for guest pilots.

Guest Voucher

- You can purchase a guest voucher from the club bus or from a member of DGFC. Currently the guest vouchers cost €5.
- On the front side of the guest voucher please enter the name of the pilot, the name of your host, and the date and the time of take off. Please sign the guest voucher on the back. In addition enter your name, the name of your host and the number of your voucher in the starting ground log book; starting grounds West and South both have a log book for the pilots that take off at Kandel.
- Guests from Switzerland and Austria require a guest voucher. Guests from France who are members of the French Hang Gliding and Paragliding Association, and all other foreign nationalities do not require a guest voucher.

The DGFC wishes you a safe, enjoyable and a memorable flight here at Kandel.
